

VICTORY CAME AFTER AN AWFUL CARNAGE

Japanese Achieve a Brilliant Success in
Far East.

In Taking Kinchow They Lost About 12,000 Sol-
diers, According to Report.

PORT ARTHUR IS TO BE ATTACKED SOON

Tokio, May 27.—Subsequent reports received here indicate that the storming of Nanchan hill yesterday was a bloody affair. The Japanese first centered their fire on the Russian batteries, in which work they were aided by four gunboats from Kinchow Bay. They succeeded in silencing many of the enemy's guns. The Russians had constructed a series of trenches around the hill on a terrace protected by wire entanglements and other such devices. The Japanese made a series of rushes, but they were in vain. The deadly rifle and cannon fire of the enemy checked them repeatedly. Finally at 3 o'clock in the afternoon the Japanese reformed and stormed the crest of the hill. The Russians held to their position doggedly, and it was 7 o'clock in the evening before the Japanese finally gained possession of the ridge.

JAPANESE LOSE 12,000.
Mukden, May 27.—A great battle is reported at Kinchow, near Port Arthur. The Japanese tried to seize that narrow isthmus, but lost heavily. A Japanese force from Pitsewo operated with the Japanese landing party protected by the fleet. The Japanese are fortifying Feng Wang Cheng, where they are said to be treating the Chinese inhabitants with great kindness. Lately mounted bands of Japanese were roaming about north of Mukden, and also near Liao Yang, with the object of scouting, and also destroying the railway. These bands have now fallen back, owing to the damage done by the Japanese stores and communications by General Mischenko and his Cossacks, who lately burned Anjg. It is understood the taking of Kinchow cost the Japanese 12,000 lives.

TO STORM BELEAGURED CITY.
London, May 28.—A telegram to Renter the Telegraph company from New Chwang, says the Japanese plan to capture Port Arthur within a fortnight, employing a hundred thousand men in the attack. It is realized the losses will be severe, but it is thought this is better than keeping the army idle three months. The Japanese plan of action in Manchuria does not include an advance beyond Mukden.

LINE OF RETREAT CUT OFF.
Rome, May 28.—A telegram from Tokio states that the Japanese on Liao Tung peninsula attacked Liao Shin Tuo on Talian Wan bay, and seized the forts at the junction of the Dainy branch and main railway to Port Arthur. The Japanese thus intercept the line of retreat which the Russians driven from Kinchow and that neighborhood, have to take to reach Port Arthur.

SURPRISED THE RUSSIANS.
New Chwang, May 28.—A staff officer who arrived from Mukden says the deliberation and precision of the Japanese has surprised General Kuropatkin, the Russian commander, who believed the Japanese campaign would consist of dashing recklessness, rather than cool headed strategy.

WATCHING THE COSSACKS.
Tokio, May 28.—The movements of a Cossack cavalry and battery are reported from Northern Korea, as being closely watched by the Japanese, who are confident of their ability to protect their communications and maintain the military supremacy of Japan in Korea.

FOUND INFERNAL MACHINES.
Mukden, May 28.—An infernal machine was found in a tunnel near Harbin. Four men, afterwards found

to be Japanese in disguise, were arrested and a number of infernal machines were found in their possession.

COSSACKS ADVANCING.
Seoul, May 28.—A report was received today that six hundred Cossacks appeared at Song Chai, 175 miles north of Gimsan, advancing southward along the coast of Korea.

WEEK'S NEWS IN BUSINESS WORLD

Clearings this week \$583,282
Same week last year 715,673
R. G. Dun & Co's weekly review has the following report on trade and conditions in Paducah:
Dry Goods—Business is quiet at this time, trade being hardly up to the average. Collections unsatisfactory. Wholesale Saddlery and Harness—Conditions are mixed. In some districts a good business is being transacted, while in other localities, operations are practically at a standstill. Collections quiet.
Whiskey—An increase of fully 25 per cent over the same period of 1903 is shown. Collections are being met promptly.
Tobacco—The tobacco crop in Southern Kentucky is about 25 per cent marketed and the average price \$1.00 under last year. The crop will, therefore, bring probably 25 per cent less than last year's crop. The bulk of the crop, however, is yet in the farmers' hands, and the funds still to be realized for the producer from this time on will be greater than last year and should stimulate immediate business in general. The acreage is probably 25 per cent less than last year and one-fourth of this acreage is now planted.
Retail business has been better the past week than for some time.
Real estate is fairly active and building trades are very busy.
Mrs. Etta Robinson went to her home in McNary, Ky., today to visit her father.

AT RIPE AGE

Rev. James Martin Temple Died
This Morning.

Was First a Methodist and Later On
Episcopalian Minister and a Man
of Great Culture.

Rev. James Martin Temple died this morning at 7 o'clock at the home of his son-in-law, Dr. C. H. Brothers, 524 North Eighth street, of hemorrhage. Mr. Temple had been an invalid and totally deaf for a number of years, but had only been confined to his bed for a month before his death. He was 86 years of age and was born in Logan county, Ky. He came to McCracken county in 1868, and to Paducah in 1890. In his young days he was a minister in the Southern Methodist church, but later became an Episcopalian minister. During the time of his connection with the Methodist church, he held important appointments in Louisville, Memphis and other places. After joining the Episcopal church he did not have charge of any special pastorate. Mr. Temple was a man of unusual culture, and even in his invalidism retained a very bright mind. He was a great reader, and interesting in conversation. Four children, all of whom reside in this city, survive him. They are: Mrs. C. H. Brothers, Mrs. Napoleon Gardner, Miss Willie Temple and Miss Smie Temple. The funeral will take place Monday morning at 8 o'clock from Dr. Brothers' residence, and the burial will be at Oak Grove.

THE FIRST BARGE OF STEAMERS CARGO

Brought From the Chattanooga
Last Night.

It is Not Yet Decided Whether Or
Not the Steamer Can be
Raised.

GOVERNMENT LIGHT MOVED

The Grace Smith brought down a barge of goods taken from the sunken Chattanooga last evening, and Capt. Frank Carroll, master of the ill-fated boat came down on her. It is still uncertain what the prospects are of saving the boat. The barge was landed at the N. C. & St. L. wharf.

Capt. Carroll states the Chattanooga is as complete a wreck as he ever saw. She is literally broken in two, and in places the huge crack is several feet wide.

The cargo will not be complete loss, but much of it may have to be thrown overboard by the divers, if it is decided to try to raise the steamer.

It is now claimed that the boat was steered against the rocks by the wrong location of the government light near that point, but the pilot did not make such a claim. The light, it is claimed, was about fifty feet from the place it should have been. The pilot, Capt. Brazelton, ascribed the accident to the fact that the boat became unmanageable, which she frequently did in shallow water, according to her former master, Captain Frank Brown. Captain Carroll returned to the steamer today and will remain there until it is decided whether or not to make the attempt to raise her.

COMMITTEE MEETS TO RE-DISTRICT

A Number of Important Changes
in Voting Precincts.

The Districts Are Announced But
Boundaries are Not
Completed.

The committee appointed by fiscal court several weeks ago to redistrict the voting precinct of the county, met this morning and partially completed the work.

Those on the committee are D. A. Cross, M. B. Tapp, J. J. Sanderson, W. M. Johnson and Mann Clark, but the two latter were absent. The work of fixing the boundaries will not be completed before next Saturday, but the divisions were made as follows:

The Kirkpatrick precinct was divided and a new voting place established at Yancy's drug store at 17th and Tennessee streets.

Rogers' precinct was divided and a new voting place established at Kirchhoff's grocery at 17th and Madison streets.

Digels and Chalks' precincts were split and out of the two a new voting place located at the south side of the department at Fourth and Elizabeth streets.

The south side courthouse was divided into two precincts and hereafter will be known as South Side No. 1 and No. 2, the votes to be cast at the courthouse.

The plow factory was divided and a new voting place fixed at Mann Clark's grocery at Seventh and Campbell streets.

The Concord precinct was divided and the territory about Wordville, Grahamville and Ragland embraced. The voting place will be at Rosanigton.

The committee adjourned just before noon after instructing Attorney Cross to draw up maps of the boundaries. This will be done by Saturday and reported to the fiscal court at the next meeting.

MAYOR YEISER AND ATTORNEY BERRY

Came Near Mixing in Circuit
Court Today.

The Mayor Took Exceptions to State-
ment in a Speech to the
Jury.

ATTORNEY STARTED FOR HIM

Mayor D. A. Yeiser and Attorney W. A. Berry would probably have come to blows this morning in circuit court had not friends intervened and kept them apart.

The case of F. W. McKee, the lumberman, against the Palmer Transfer Company and the city of Paducah for \$5,000 damages for injuries received by a hack rolling down one of the city's fills, was on trial, and Attorney Berry, for the plaintiff, was making an argument before the jury.

In the course of his remarks he asserted that the city of Paducah was guilty of negligence, and that with-in four hours after the accident the mayor of the city sent the street inspector to the scene and had a post that broke and allowed the fence to give way when the carriage struck it, taken to the city hall and locked up in a vault. The inference was that the city thus sought to remove the evidence of its negligence.

Mayor Yeiser was sitting near and stated that the words were untrue and the attorney knew them to be untrue. Attorney Berry, according to witnesses, turned and asked the mayor not to interrupt him in his speech, and repeated his former assertions about the post. Mayor Yeiser said something else, and Mr. Berry started towards him with trouble in his eye. It is said the attorney was preparing to use a chair.

Mayor Yeiser hastily arose as if to meet the attorney, but Special Judge John K. Hendricks rapped for order, and friends rushed forward and kept down trouble.

There was considerable excitement among the attorneys and spectators, as it was the most sensational scene witnessed in the court room in some time, but order was soon restored by Deputy Sheriff Lydon and Mayor Yeiser was fined \$10 for contempt of court, presumably for interrupting the attorney in his address, and bringing on the trouble.

NO ACTION

TAKEN IN THE SELECTION OF
SCHOOL BOOKS.

The school committee composed of County Judge R. T. Lightfoot, County Attorney Eugene Graves and County Superintendent A. M. Ragdale, met this morning to select books to be used in the schools of the county but on account of other business necessary for Mr. Graves to attend to immediately, the meeting was adjourned until next Friday.

It will require some time for the committee to look over the entire list of books and make their selection. Thirty days are given them and no particular haste will be exercised, the work being performed with the most careful precision.

KENTUCKY BOYS

DROWNED IN MISSOURI WHILE
DIVING FOR CART.

Olmit and Neely White, sons of Isaac White, who formerly lived near Carrsville, Livingston county, were drowned in Mississippi river Friday at Devil's Tea Table, Mo. The boys were working for a stone contractor who was opening quarries at that place, and were diving in the river for the bed of a dump cart when drowned. The bodies were recovered.

The mention of D. R. Francis for President of the United States was cheered at the dedication of the Texas building at St. Louis.

SIXTY-FIVE SUITS AGAINST THE CITY

Most Extensive Claims for Damages Ever
Known in Paducah.

Prisoners [Preparing to Bring Scores of Damage
Suits for Alleged Wrongs.

THE FIRST TWO WERE FILED THIS AFTERNOON

The city of Paducah, according to present plans, is soon to be the defendant in sixty-five or more damage suits, most of them for \$10,000 each, a total of over \$650,000. It is likely that after the first few are filed scores of others will come in, all based on the alleged illegal working of prisoners on the streets under the second class charter and for the alleged uncleanness and unsanitary condition of the city prison.

This afternoon W. W. Bartlett, the South Third street grocer, will through Attorney W. M. Worten file a suit against the city of Paducah for \$10,000 damages, and F. G. Rudolph, guardian of Will Dodd, a colored youth, a similar suit for \$10,000 damages, through the same attorney.

Mr. Bartlett alleges that he was fined recently in police court for being drunk, and was given no opportunity to pay or redeem his fine, although he was amply able to do either, but was hastened to the chain gang and placed on the streets to work. He had to take his chances, he claims, to notify his friends and have them release him.

Dodd claims that he was placed in the lockup and compelled to work about twenty-nine days on the streets encumbered with shackles. That he was kept at night in the lockup, which was overrun with vermin, and bitten until he was covered with sores, and that the shackles so injured his feet and legs that for two or three months he had to walk on crutches, and is still a cripple. That prisoners in the lockup become filthy and afflicted with vermin, and when released have to burn their clothing.

It is claimed in both petitions that the city under the second class charter has no right to work any one on the streets. That it is unjust and unlawful, and by reason of this alleged unlawful act, the plaintiffs in these cases were humiliated and put to great suffering of mind and body, for which each claims \$10,000 damages.

This point is a new one, but it is claimed by some attorneys that while Paducah had a right to work prisoners on the streets under the third class charter, no right exists to work them on the streets under the second class charter, and that every person worked on the streets since the transfer of Paducah to the second class was so worked contrary to law.

Attorney W. M. Worten has been employed to bring 65 suits of former prisoners who have been worked on the chain gang since the city began working under the second class charter and it is expected that there will be more, as a number of those who have been so worked are already preparing to sue, it is reported. Most of the suits will be for \$10,000 each, and some may be for larger amounts.

TEACHER HURT

Miss Lillie Cook Jumped From
Wagon With Painful Results.

Her Dress Caught in the Wheels and
She was Dragged—Injury Not
Serious.

Miss Lillie Cook, a teacher in the public schools of the city was painfully injured by falling from a wagon, near Wallace Park, while returning from attending commencement exercises at Lone Oak College last night.

There was a large party of Paducah people in the wagon, which turned from the road to allow an automobile in which Prof. C. M. Leib and Prof. Charles Payne were returning to the city, to pass.

Miss Cook, fearing that the horses would become frightened jumped from the wagon, and in doing so, fell. Her dress caught in one of the wagon wheels, and she was dragged for some distance.

Her right hip and back are badly bruised, but her injuries are not serious. Prof. Lieb took her to her home, 809 South Fourth street in his automobile.

CAPT. B. B. DAVIS

Received Vote of Local Military
Company.

It is Understood His Name Was Be-
fore Other Companies.

Last night the Wheeler Guards met and voted for a Colonel for the Third Kentucky Regiment.

The local company voted unanimously for Captain B. B. Davis and although he is not a candidate, if he receives enough votes to give him the office, it is thought he can be pressed to accept.

It is understood Captain Davis' name was before other companies and that the action of the local militiamen was not simply complimentary but meant for business.

This was all done by the Guards last night, and after the balloting had been finished the boys left the armory.

no more, having met their Waterloo
at Wallace park yesterday afternoon.
The Egyptians played fast and furious
but were clearly outclassed in both
batting and fielding.

Yesterday Freeman sawed nine men,
allowed but five hits, and won the
game. The Cairoites were unable to
connect with Freeman's faultless deliv-
ery. Cairo could not beat Paducah

the two teams had balanced strength
in practice. The summary:

Pretty Children

"We have three children. Before the
birth of the last one my wife used four bot-
tles of MOTHER'S FRIEND. If you had the
pictures of our children, you could see at
a glance that the last one
is healthiest, prettiest and
finest-looking of them all.
My wife thinks Mother's
Friend is the greatest
and grandest
remedy in the
world for expect-
ant mothers."—
Written by a Ken-
tucky Attorney-at-
Law.

**MOTHER'S
FRIEND** prevents nine-tenths of the
suffering incident to child-
birth. The coming mother's
disposition and temper remain unruffled
throughout the ordeal, because this relax-
ing, penetrating liniment relieves the
usual distress. A good-natured mother
is pretty sure to have a good-natured child.
The patient is kept in a strong, healthy
condition, which the child also inherits.
Mother's Friend takes a wife through the
crisis quickly and almost painlessly. It
assists in her rapid recovery, and wards
off the dangers that so often follow deliv-
ery.

team for \$136 for wages as a player
last season. McGill substituted for
Olmver and played so well the Louis-
ville manager decided to keep him.
The manager wanted to farm him out
to a smaller league, but McGill would
not stand for it and Tebeau refused to
pay his salary.

Harvey, Cairo's new catcher, made
a sensational catch in left field off
Gilligan's line drive in the seventh
inning. The ball was hit hard and over
the foul line. Harvey started after it
and succeeded in catching the ball just
as it seemed to be shooting to the
ground. The catch was one of the best
ever seen on the local diamond and
was worth mentioning.

Brady and Land will be today's
Paducah battery while Wilder and
Rutledge will do the battery work for
the Egyptians. Wilder is a good
pitcher, last year at the close of the
season, having defeated Paducah by
a score of 6 to 0 after Paducah had
taken four straight games and knock-
ed all the Egyptians pitchers out of
the box.

It has been reported that "Red"
Violet was going to be released, and
that if he was Potts, Giligan, Land,
and one or two others would quit.
Manager Jackson says Violet will not
be released.

Cairo is out on a fifteen day trip
this time. If she fares no better than
she has so far, she may reach the bot-
tom before she gets home.

Barlow is developing into a sure
batter and is strength to the team. He
is much admired by Captain Rutledge
of the Cairo team.

The biggest crowd of the season is
expected tomorrow to see Cairo
beaten.

ducah Thursday with Tom L. Smith,

could get the money back that Mr.

the show Wednesday, says the Mayfield
Messenger. The victim claimed that
he has been fleeced out of \$20 by the
sleazy fingered gentry and secured Mr.

possession of it. Mr. Hester made
the "riffle" with the show men after
threatening to attach the show and
made the proprietor refund the money.

It Proved Her Mascot

From the blue grass regions of old Ken-
tucky come words of praise for

Dr. Caldwell's (LAXATIVE) Syrup Pepsin

Miss Robinson writes:

Pepsin Syrup Company, Monticello, Ill.:
Gentlemen—Last spring I was troubled with a spring fever,
which caused me to feel generally sick and tired; my tongue was
coated, my appetite failed me, small pimples started on my face
and neck, and a dull, heavy feeling seemed to oppress me.
I took sarsaparilla and other old-time remedies, but did not
improve. The druggist advised me to try Dr. Caldwell's (Laxative)
Syrup Pepsin, and rather reluctantly I took a bottle on trial. It
proved a mascot, however, to me, for in a few days my appetite
returned, and I felt much better all over. I took two bottles
more and with each dose I got better. My headache went away,
the heavy, uncomfortable feeling left me and my complexion
soon cleared up and I was once more my own light, happy self,
and all due to Syrup Pepsin, so I heartily endorse it.
Gratefully yours, SALLIE C. ROBINSON.

Miss Robinson is secretary of the Independent Order of Good
Templars and resides at 208 St. Claire street, Frankfort, Ky.

Can be had in 50c and \$1.00 sizes, though it is economy

WHAT A GRADUATED NURSE SAYS.

OCALA, FLA., Nov. 28, 1908.

"It is with genuine pleasure I recommend Wine of Cardui to women suffering with the
troubles peculiar to the sex. In my experience of over sixteen years I have never found anything
which would so quickly restore young mothers to strength, nor do I know of any medicine better
for a pregnant woman to take to induce easy childbirth, a healthy child and comfort to both
mother and child. In my opinion Wine of Cardui is the best medicine for a woman suffering
from ulceration, inflammation, falling of the womb or ovarian troubles, and I have known dozens
of cases where women were advised by the doctors to submit to operations, but who were cured
simply by taking Wine of Cardui a few months. In
fact, my personal experience with this reliable remedy
has been of such a satisfactory nature that I most
gladly give you this unsolicited testimonial."
Mrs. James R. Willis

Graduated Nurse, The Deau Hospital, New Orleans, La.

MAN AND MAID.

THE LOVE OF A MAN.

The foam on the crest of a billow,
The beat on a brimming glass,
The South Wind's kiss and its whis-
pering sigh;
The throw of a heart, the flash of an
eye:
Man's love, and it's sure to pass.

THE LOVE OF A MAID.

The hush of the waiting morning,
The night bird's tremulous call,
The voice that sobe from the yearning
deep,
The soul awakened that may not sleep:
A love that endures through all.

cott's.

JUNE WEDDINGS.

From present indications in Paducah June will contain its reputation as the month of roses and weddings. Several are announced today and it is said that there will be others recorded in the next few weeks. The prospective June brides are some of Paducah's prettiest and most attractive young women, fair as the month in which they wed. It is eminently fitting that this first month of summer should be a nuptial season, when Cupid can be arrayed in genuine rose garlands.

RUDY-MINNICH WEDDING.

Mrs. M. A. Rudy announces the marriage of her granddaughter, Miss Lillian Rudy, to Mr. William F. Minnich, Wednesday morning, June 1 at 10 o'clock at the Broadway Methodist church. Rev. T. J. Newell will perform the ceremony.

There will be six ushers: Messrs. Louis Riecke, Jr., Henry Rudy, Edson Hart, Edward Bringham, Charles Alcott and Frank Boone.

The bride will wear a handsome white lace gown and her going away costume will be a grey tailor suit. Immediately after the ceremony the young couple will leave on the noon train for St. Louis and the world's fair and northern points. They will return to Paducah in about two weeks and will be at home at the Worton residence on North Ninth street.

This announcement while not a surprise, will be interesting news to the many friends of these popular young people. Miss Rudy is a niece of Mr. James A. Rudy, of Rudy, Phillips & Co., and Mr. Richard Rudy, cashier of the Citizens' Savings bank. She is one of the most beautiful of Kentucky's fair women, of the brunette type, bright, talented and vivacious and is one of the most popular girls in Paducah society.

Mr. Minnich is one of the most popular of Paducah's younger business men, a young man of sterling ability, highly esteemed by his associates and very popular in social circles. He is connected with the business offices of B. Wolfe & Son, and the Famous Pants Works.

POPULAR COUPLE TO WED.

The wedding of Miss Augusta M. List and Mr. George O. Baker is announced to take place Wednesday, June 15, at 5:30 o'clock in the afternoon, at the home of the bride, 431 South Fifth street. Rev. William Bourquin, of the German Evangelical church, will perform the ceremony. There will be no invitations issued in the city, and only relatives and intimate friends will witness the marriage.

Miss List is the daughter of Dr. Anthony List, and is one of the prettiest and most charming young women of Paducah. Mr. Baker is bookkeeper for C. H. Riecke & Sons, wholesale dry goods establishment, and is a young man of excellent business qualities. He possesses a pleasing personality and is very popular.

The couple will leave immediately after the ceremony for a bridal trip East. They will reside at the residence of Dr. George Murphy on South Fifth street.

OTHER WEDDINGS.

The wedding bans of Miss Katie Kileoyne and Mr. Henry Gallman will be published at St. Francis de Sales Catholic church, tomorrow. The marriage will take place in about three weeks.

Miss Kileoyne is the pretty and attractive daughter of Mr. Michael Kileoyne of 1124 North Tenth street, and Mr. Gallman is a popular young grocer, with business houses at 12th and Barnett and on North 10th street. The couple will reside in this city.

The wedding of Mrs. Annie Berger

and Prof. Witham Deal took place Tuesday morning at 11 o'clock at Wallace park. She wore white silk and was attended by her sister, Miss Minnie Butler. A dinner was served to a few friends after the wedding. The couple will make their home at Wallace park.

The marriage of Mr. S. M. Williams, of this city, and Mrs. Ellen Chapman, of Louisville, will take place tomorrow afternoon at 4:30 o'clock at the residence of Justice Jesse Young at Ninth and Clark streets. Mr. Williams is traveling for a photograph copying house of Chicago.

The marriage of Mr. H. E. Hall, a popular young business man of this city, to Miss Monima Keithley, an attractive young lady of Kenton, Tenn., took place Wednesday morning at Kenton. The couple are residing at 233 South Sixth street.

Mrs. Nellie Latham, and Mr. Al Hymarsh, a well known contractor, were married Monday night. They are residing on North Sixth street.

ENTERTAINMENTS.

The Magazine club was entertained in a special social meeting Wednesday afternoon, by Mrs. Edward Atkins, at her handsome country home, "White Haven." Each member of the club was given the privilege of inviting a guest and the hostesses had six friends outside of the club. The club members each gave a report, on some living writer, and from a literary standpoint, the afternoon was quite interesting.

After the reports refreshments were served on the spacious veranda, of the palatial residence, which nicely accommodated the 60 guests. From a small balcony above, a band discoursed music throughout the afternoon. Individual roses in the shape of flowers were served, and punch was served on the lawn.

Mrs. Atkins' home is one of the handsomest in this part of Kentucky. It was an old fashion brick residence, and has been transformed into a place of great beauty. The large veranda is supported by large colonial columns and the whole is painted white. The location upon a high sloping hill, is ideal, and the lawn in front is beautifully shaded by trees at least 60 years old. The interior is correspondingly attractive.

Mr. and Mrs. Bransford Clarke entertained at their home on West Jefferson street last night with an old fashion spelling bee. For the prize for spelling the most words correctly, Dr. Frank Boyd and Mr. J. D. Moccquot tied, and Mr. Moccquot finally won it. It was a book, "The White Castle of Louisiana," written by Mrs. D. G. Murrell of this city. A two course luncheon was served. Old-fashioned candle sticks and candy kisses gave a touch of primitive days. The guests were: Dr. and Mrs. Victor Voris, Dr. and Mrs. Frank Boyd, Messrs. and Mesdames J. D. Moccquot, Harris Rankin, Henry Hughes, J. C. Flournoy, Irvin Cobb, Rabb Noble and Dr. D. G. Murrell.

The Sans Souci club was entertained Wednesday afternoon by Miss Irene Scott at her home on North Fourth street. The club prize was won by Miss Hattie Terrell and the visitors' prize by Miss Lulu Reed. The guests were: Mesdames Hughes McKnight, Harris Rankin, John W. Scott, Misses Clara Thompson, Hallie Hisey, Curline Sowell, Minnie Terrell, Hattie Terrell, Florence Yelzer, Myra DuBois, Marjorie Crumbaugh, Annie May Yelzer, Lillian Belle Tucker, Louisville, Ruby Corbett and Lulu Reed.

Miss Lulu Wetherington entertained very delightfully at cards Wednesday evening at her home, 232 North Fourth street. After the games a delightful luncheon was served. Then music and dancing was enjoyed. Those present were: Misses Lulu Phillips, Ruth Harper, Ida Dann, Rosa Walker, Eva Darnell, Nona Darnell, Sallie Farmer, Messrs. Joe Phillips, Giv Harper, S. G. Browning, Oscar Harper, John Clements, Jim Gallikay, Isaac Randolph, Andrew Wetherington, Ether Wetherington and Jim Wetherington.

A party was carried to Cairo on the Dick Fowler for a round trip of the boat Tuesday by Mrs. John P. Campbell, in honor of Miss Helen Berryman, of Lexington, Ky. Those composing the party were: Misses Berryman, Ethel Brooks, Eleanor White,

The Industrial club met yesterday afternoon with Mrs. Henry Kamleiter at her home on South Third street. The guests were: Mesdames Will Crump, of Columbus, Ind.; Jeff Reed, Frank Gardner, Jesse Gilbert, Frank Kirchoff, Jr., George Katterjohn, George Wolfe, E. W. Bockmon, Pat Lally, Fred Kamleiter, Misses Mary Berger, Louise Kirchoff and Louise Rotgerling.

The Chess Checkers and Whist club opened its new quarters at Sixth and Broadway, with a reception to ladies Tuesday afternoon and a smoker for men Tuesday evening. About 160 ladies called during the afternoon and about 500 men in the evening. The new club rooms are handsomely equipped.

The Moonlight Boating club took a trip up the Tennessee river yesterday evening and return. Those who enjoyed this delightful trip were: Misses Nina Kirkpatrick, Nellie Stokes, Minnie Sanders, Nona Stokes, Lucille Pennyworth, Messrs. Glenn Stokes, Bonnie Duke, Johnnie Wilkins, James Vance.

A Bible class taught by Mr. Stuart B. Hanna, secretary of the local Y. M. C. A., was entertained by Mrs. Mildred Davis, at her home on Kentucky avenue, Tuesday evening. Mr. Hanna, who will leave Paducah in a short while, was presented by the class with a pretty seal watch fob.

The Paducah chapter United Daughters of the Confederacy met Tuesday morning at 10 o'clock to arrange for the presentation of crosses of honor to Confederate Veterans Friday evening, in a celebration of Jefferson Davis' birthday.

Mrs. John Slaughter entertained Wednesday night with an ice cream and strawberry supper in honor of her birthday. Quite a number were present and an enjoyable time was spent.

IS NOW IN LINE FOR PRESIDENT

Col. J. J. Dorian Captures High Honor at Louisville.

Secured One of the Three National Offices Given to Kentucky.

City Treasurer John J. Dorian returned last night from Louisville, where he was a delegate to the Catholic Knights and Ladies of America's national convention, and captured next to the highest office, and one of the only three that went to Kentucky.

Col. Dorian is a fine man and one of the most popular in the state and was elected vice president of the National organization, which represents 50,000 members, and is one of the largest and most important organizations in the country.

Col. Dorian's opponents dropped out one at a time until there was only one left, and the Paducah man then walked away with the office. He is now in line for President next year, and his many friends here have no fear that he will not get it. He is an intelligent, scholarly, and popular man and if anyone undertakes to defeat him for the highest office in the society next year, he will doubtless learn just how popular Col. Dorian is. The other delegate from Paducah was Mr. Ed. Gronow. Local Catholic Knights are very proud of Col. Dorian's distinction, and count his election a compliment to Paducah as well as an honor to Col. Dorian.

SIDEWALK RECONSTRUCTION.

There appears to be only one solu-

tion of the sidewalk problem. Prop-

erty owners who do not desire to re-

construct their sidewalks cannot be

compelled to under the present ordi-

nance, which does not require uni-

formity. The board of public works

has commendably attempted to im-

press this on the general council, and

if the council can't see it that way

the city will have to get along with

the present sidewalks, which are left

in an indescribably bad condition

after the trenches are dug through

them both crosswise and lengthwise,

to lay water, gas, and storm water

sewer pipes. In fact, they are unfit to

walk on, and are something fierce to

look at.

Since the controversy has arisen,

doubtless no contractor will care to

risk not getting his money by rebuild-

ing the sidewalks without authority

from the property owners, and the

property owners, as a rule, are not

going to any trouble to have the work

done unless compelled to. Under the

ordinance passed, allowing either

brick or granite, instead of requir-

ing all of either one material or the

other, the property owner cannot be

compelled to have his sidewalks re-

constructed and a contractor cannot

collect a claim against a property

owner for the work if the latter re-

fuses payment.

The board of public works has ample

legal advice for its position and if the

general council doesn't amend the

ordinance now and avoid delay, it will

only again demonstrate the stupidity

for which it has become noted.

Mr. Bryan doesn't talk much as if he

will support Parker. He says there

can be no compromise. It must be the

ement. As the Wall street crowd seems

to be in the saddle, Mr. Bryan must

there will be no question about his

New Life and
Health for Women.Zoa Phora Makes Women Feel Young,
Strong and Healthy and Gives
Them the Glow and Bloom of
Youth and Beauty.

Trial Bottle Free to Every Lady.

Zoa Phora certainly does do wonders for women. Every woman who has tried it says so and there are multiplied thousands of them. From all parts and corners of the land come their words of praise and joy and gratitude. Zoa Phora has brought more life and health to women, has relieved more pain and suffering and filled more homes with joy and happiness than all remedies and medicines and doctors combined. Their genuine letters of thanksgiving and rejoicing prove it and prove it conclusively.

Zoa Phora cures all forms of female diseases, displacements, irregularities, suppressed and painful periods, flooding, piles, kidney, bladder and liver diseases and all the troubles that drag down the life of women and make their lives a burden and a misery. You will rejoice as others now rejoice in perfect health and happiness if you use Zoa Phora.

Mrs. Wm. R. Knapp, 831 E. 8th St., Traverse City, Mich., says: "I write this hoping that it will be the means of helping some suffering sister who has any weakness or trouble peculiar to women. Seventeen years ago last fall I was taken sick with weakness, and was in bed all winter. Just as soon as I would get up I would faint and fall. Three of the best doctors in our town could not help me, then my husband wrote to that dear old Dr. Bengely and he sent medicine and advice. The first dose helped me, and in one month I was up doing my work after being sick in bed from the 21st of November until the next May. The medicine he sent me was Zoa Phora, and I had been for dear old Dr. Bengely and Zoa Phora, I would not be here to write this."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Bengely's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

had not been in the best condition before she blew up, and the thoughtless "authorities" are to investigate. These investigations, if conducted before as intended by law, instead of afterwards, would save many a life and less.

Some officials can't keep politics and religion out of affairs that do not concern either. As long as officials are so narrow they can't forbear to mix their personal preferences with public affairs, we can't expect to obtain the best results in popular government.

The Mavfield Monitor is out in new form and dress under the enterprising management of Editor W. K. Wall, and promises to make other improvements. It is always a welcome addition to the exchange table.

It doesn't matter much how the war in the far east terminates, or whether Mr. Bryan holds or not. We have Cairo skinned a block in the penitentiary this year, and Paducah can't hereafter die happy.

Horses come high at Mt. Vernon, Ky. A man was yesterday given 50 years for stealing a plug. By the time he gets out he will wish it had been an automobile.

The man who now talks of changing the canal route ought to have had an alarm clock.

What a dull, sickening thud for poor old Cairo!

WEST END LOTS.

For those seeking lots for homes or investment just outside the city limits the 60x165 foot lots of Dr. D. G. Murrell and Whittemore's West End Addition offer the best chances to be found in the city. The lots are sold at prices from \$75 to \$150 each and on the very easy terms of five dollars cash and the balance two dollars per month. Signs at the street corners and stakes on the lots show where the lots are. Between Adams and Norton and between 24th and 30th streets.

Mr. W. E. Morgan living at the corner of 29th and Jones streets, will show any one any day which the unsold lots are. For plans and more particulars see Whittemore's Real Estate Agency Fraternity Building. Both phones 835.

Rev. J. H. Roberts will preach Sunday morning and evening at the Broadway Methodist church.

LATE RAILROAD NEWS

Mr. Quinticey P. Wallace, delegate from the Louisville division of the I. C. to the conference held at Jackson, Tenn., by Superintendent Renshaw, of the mechanical department of the road, and the delegates from the carmen brotherhood, has returned the meeting having been adjourned, and left immediately for Hazel, Ky., to be at the bedside of his wife, who is very ill.

Mr. Wallace made no official report of the results of the meeting and nothing official could be learned. However, it is known that no advance was given the carmen, on account of the decrease in business. Mr. Renshaw is quoted as saying the carmen on account of the lower wages paid them than the men in the boiler shops, would be worked nine hours per day as long as possible, while the boiler-makers were cut to eight hours. The world's fair business is about all that is holding the time up, an official stating that business was dull everywhere except in St. Louis territory.

The rules and regulations were revised satisfactorily to both the carmen and the officials and the meeting was successful in every way except in the failure of the carmen to get the increase in pay asked for.

Monday the local I. C. shops will be shut down on account of Decoration day, the first time the I. C. has shown any recognition of this day here in many years, if at all before.

The road will kill two birds with one stone, at the same time the employees are enjoying a holiday the road will be putting in a new foundation to the big engine which operates the shops here.

The engine has worked loose and a new foundation is necessary. A new shaft will be put in the fly wheel also and general repairs made on the engine both Sunday and Monday. The shops will be running Tuesday, however, the work of repairs requiring no more than two days, it is thought.

Mr. R. E. Atkinson, of Jackson, Miss., arrived last night to accept a position under Mr. John Donovan, agent for the I. C. here, as chief clerk. Mr. Atkinson succeeds Mr. R. V. Drysdale, who will return to Chicago. The change was made this morning. Mr. Atkinson entering into his new duties today. Mr. Drysdale will remain here probably a few days to acquaint the new clerk with the office work.

The Brotherhood of Locomotive Engineers will probably build a home for aged and indigent members of the order, and the project is under consideration at the meeting in Los Angeles. The members of the brotherhood at Indianapolis are confident the home will be located in that city, and have secured options on a piece of ground for \$250,000, on which to locate the home.

The turn table machinery got out of repair at the local roundhouse today and the electrical apparatus was thrown out of use and hand power substituted. No delays were occasioned. The electrical apparatus is not badly damaged, only a few cog wheels being stripped.

Mr. G. G. Hayes, of Chicago, an I. C. auditor, is in the city working in the trainmaster's department, assisting in straightening out the time keeper's books.

THE TRIUMPHS OF PE-RU-NA INCREASE.

Thousands of Chronic Ailments of Women Cured Every Month—Disguised Internal Catarrh the Enemy of Women—Pe-ru-na the Only Internal Systemic Catarrh Remedy Yet Devised—Prominent Cases in Illustration.

Nervous Depression.

Summer months are peculiarly the months of nervous diseases, especially nervous prostration and other depressed states of the nervous system. People who are not at all inclined to be nervous or suffer from weak nerves find this time especially trying. Sultry heat and electrical disturbances of the atmosphere are probably the cause of this.

Invalids need to be particularly careful to fortify the nervous system by the use of Peru-na.

Miss Helen Roloff, Kaukauna, Wis., writes: "Several times during the past two years or more my system has been greatly run down, and at those times Peru-na has been of great help in building up the system, restoring my appetite and securing the restful sleep. I know a great number of women who are using it for the troubles peculiar to the sex, and with the best results."

Miss Louise Bertsel, 1912 Second street, Brooklyn, N. Y., writes: "My health was excellent until about six months ago, when I seemed to have a collapse from overworking, and the doctor ordered an entire change of scene and climate. As this was absolutely impossible at the time, I had to try and regain my health in another way and such a good recommendation, to try Peru-na, I began to use it. The least noise irritated me, and I felt that life was not worth living, but Peru-na soon changed me into a well woman, and now I do not know I have nerves."

A newspaper contributor was lately admitted into the extensive suite of offices which constitute the headquarters of Dr. Hartman, who treats catarrh patients by the thousand. Among the busy swarm of assistant doctors, clerks, stenographers and bookkeepers, Dr. Hartman stopped long enough to say a few words.

"A large number of female patients visit me every year, but the number who are entered on my books as regular patients is very much larger. Hundreds of letters are received and answered free every day. A yet greater multitude take my catarrh remedy, Peru-na, and are cured, of whom I never hear. Some of this latter class write me years after their cure."

"I never allow a name published except by the written consent of the patient. We make no charge at any

time. The medicine only is obtained by each patient at her own drug store. Those desiring to become regular patients have only to send address, duration of disease and treatment previously received, and directions for the first month's treatment will be sent at once.

Over half the women have catarrh in some form or another. And yet, probably not a tenth of the women know that their disease is catarrh. To distinguish catarrh of various organs it has been named very differently.

One woman has dyspepsia, another bronchitis, another bright's disease, another liver complaint, another consumption, another female complaint. These women would be very much surprised to hear that they are all suffering with chronic catarrh. But it is so, nevertheless.

Each one of these troubles and a great many more are simply catarrh—that is, chronic inflammation of the mucous lining, of which organ is affected. Any internal remedy that will cure catarrh in one location will cure it in any other location. This is why Peru-na has become so justly famous in the cure of female diseases. It cures catarrh wherever located. Its cure remains. Peru-na does not palliate—it cures.

OVER BACKWARD

THE HORSE FELL ON HIS RIDER.

The sustaining value for hardest work as well as wonderful health-bringing properties of proper food were never shown better than in the case of a Colorado man who received an injury to the stomach and intestines from a horse throwing himself backward and falling upon him. He says: "For it years I suffered untold agony for eating any food distressed me beyond description."

"At times I was able to work but this gave me an appetite which I tried to satisfy with the common and substantial fare which is prepared by the average farmers' wife, but almost immediately after the meal I would be seized with cramps and convulsions so severe that my life was despaired of. Only the best medical skill and careful nursing could save my life at those times. The injury had caused strictures and adhesions in the stomach and intestines which the rough food could not pass through, thus causing obstruction of the bowels which is so often fatal."

"These attacks occurred with great frequency for 11 long years until I was a physical wreck. My heart had become very weak, my pulse slow, I had lost much flesh and one of the best surgeons in Denver told me I must be operated upon at once in order to save my life. He said I would surely pass away in one of these spells unless I submitted to the knife."

"Now after these spells I always had to diet for some time until the inflammation had subsided and I was able to move around again, but then would come another attack. After one of the most severe of these spells, during which I became unconscious and unable to use a muscle for hours, the doctor told me I would never again be able to eat solid food or work hard."

"I had tried a sample of Grape Nuts food and found I had no uneasy feeling following, so I began to confine myself almost entirely to Grape Nuts and in a remarkably short time I began to gain flesh and feel like working again. The more Grape Nuts I ate the better I liked them so I made this almost my entire food with Postum Coffee, the doctor having advised me to quit coffee on account of its action on my heart."

"And now at this writing more than a year has passed away since my last sick spell, for I have not had one since I commenced eating Grape Nuts. I am working every day right along beside strong men in the garden and farm, do everything and anything that is required of the farmer—ploughing, hoeing or pitching hay. I never have any more pains, in fact I can almost forget my injury."

"When I come home from a market a saucer of Grape Nuts is my breakfast and I can then go to work and feel that I can live and be as other men again. There is no other feeling like getting back your health. 'I will give the physicians' name who attended me during those years if you wish them.' Name given by Postum Co., Battle Creek, Mich. Good food that can be digested will cure most any disease."

"There's a reason." Look in each package for the famous little book, "The Road to Wellville."

A \$2,000 VERDICT
IN CIRCUIT COURTF. W. McKee Awarded \$2,000
Against Transfer Co.The City Escaped In This Instance
—Police Court
News.

NEWS OF OTHER COURTS.

In the case of F. W. McKee against the Palmer Transfer Co. and the city of Paducah, the jury at noon returned a verdict for \$2,000, against the transfer company and exonerated the city of Paducah as a party in the defense.

Mr. McKee was riding in one of the Palmer trucks when the horse shied against the fence at Twelfth and Caldwell streets. The fence gave way and let the back tumble down the 20 foot embankment. Mr. McKee was badly hurt and sued for \$5,000. The city was included in the suit because of the fall fence built, the plaintiff claiming it was built of rotten material.

The case of Ruth Loftin against Clay Loftin was dismissed without prejudice.

The defendant in the case of Julius Scholtka against the Western Union Telegraph Co. filed reasons and motion for a new trial.

The case of D. A. Mitchell against T. H. Torian was continued.

Thirty-six shares of stock in the Paducah Packing Co. were transferred to the City National Bank yesterday by order of the court in the case of the City National Bank against William Chesterfield. The stock had been turned over to others.

POLICE COURT.

Willie Fisher, colored, who had the fight in the police station yesterday was granted a continuance on the charge of carrying a pistol.

Walter Cornelius, colored, was dismissed on a charge of sleeping in a box car.

Tom Dodson, white, was fined \$30 and sentenced to ten days in jail for carrying a pistol.

Thomas Trimmell, colored, who cut Mack McCowley last Sunday, was granted a continuance until Friday.

GRAND SALE OF LOTS.

The Northview Realty and Improvement company has about 70 lots on 11th and 12th streets, in Paducah, Ky., which it will offer for PUBLIC SALE most reasonable terms, in JUNE NEXT, unless sold before that time. These lots are situated in Paducah, Ky., and lie between Rottgering's farm and the city.

The streets have been lately gravelled. The lots have beautiful shade trees on them, and lie high above the streets.

An ordinance has been adopted to extend 12th street on beyond this property to Rowlandtown, and the street car company will extend its line from Trimble street on down 12th street by this property to Rowlandtown.

This property is certainly most attractive and desirable, and will soon be built up. There are no lots in the suburbs of Paducah more desirable for homes. The adjacent property is being rapidly improved, many houses having been erected recently. For particulars apply to W. D. Greer, General Manager, Paducah, Ky., March 15, 1904.

A Suggestion for Prudent Men

To the average man five or ten dollars a month saved appears too insignificant to pay for the effort, yet a laying aside of ten dollars each month and the judicious investment of it may prove the beginning of a fortune.

These ends are accomplished through the LEVEL PREMIUM SIX YEAR BONDS of the Southern Mutual Investment Company of Lexington, Kentucky, which specifies the length of the investment period, seventy-four months, consequently the company may buy longer term securities than savings banks, which pay larger profits and are at the same time just as safe. The Southern Mutual Investment Company distributes all earnings amongst investors, in proportion to their investments. Furthermore, this company handles only the safest securities, taking no speculative chances, so that there is no possibility of loss to the bondholder, and he is further protected by the company's deposit of \$100,000 with the Kentucky State Treasurer; by the facts that all officers and employees are heavily bonded in Fidelity Companies, and the business is controlled by state laws and under the supervision of state officials.

One unusually attractive feature of the Level Premium Six-Year Bond is that the redemption of coupons during the term of the contract secures an income to the bondholder, which, of course, may be compounded by reinvesting—a thing not accomplished under any other form of installment investment.

Men in any station of life may buy these bonds, and every one receives returns in absolute proportion to the size of the investment. The bond may be paid for by monthly installments of as little as \$2.25, and any multiple of \$2.25 may be invested.

This company, with its past experience and present earnings as criteria, estimates that on a net investment of \$7.40 (extending over a period of seventy-four months) in this bond, the holder should receive a profit of \$493.33-1-3.

Does any other institution, affording the same security, pay as great a profit in an equal period of time?

GOOD TIME

IS EXPECTED AT ST. LOUIS BY STATE MILITIA.

State militia officers have received definite information from Gov. Beckham that the encampment of the Kentucky regiments will be held on the World's Fair grounds in St. Louis, beginning about the middle of August.

The camp will be used as a camp of instruction while the men are on the grounds, and some of the most prominent army officers in the country will be present. All the expenses and transportation to and from the big fair will be paid by the Government, and the officers of the regiment will receive the full pay corresponding to their standing in rank.

NOT GUILTY

MR. DONALD ACQUITTED OF BEDFORD, IND., MURDER.

Bedford, Ind., May 28.—The jury in the case of James McDonald, alleged murderer of Miss Sarah Schaffer, the pretty school teacher foully murdered here last winter, returned a verdict last night of not guilty. The verdict was no surprise, as there was never any evidence against McDonald to amount to anything, and he was arrested principally because the detectives thought some one ought to be arrested after all their bluster and brag.

HIS FIRST EXPERIENCE WITH WAGNER.

A humorous writer of reputation, whose operative experience has been limited, was induced to accompany his wife to a performance of Wagner's "Tristan and Isolde" during the recent opera season in New York. A friend, meeting him the following day, asked with interest what his impression had been.

"Well, it didn't hit me," remarked the writer, musingly. "I couldn't see it at all. I didn't mind so much when the captain steered the ship for ten minutes standing with his arms folded twenty feet from the tiller. But when they came to the place where I sold my pants in her lover's tea, I threw up the game and smoked in the lobby till the act was over."—Harper's Weekly.

"It is astonishing how many of the difficult kinds of instruments of the graphophone order are in use in Paducah," remarked a business man today who handles them. "I am sure there are 300 or 400 of them. They have supplanted the piano in many homes, and the variety of entertainment they afford is remarkable. A year or two ago there probably were not half a dozen in the entire city, but now they are found in place of the organ, piano or music box, and the family can spend its leisure time listening to anything from a political speech to a rendition of the biggest bands in the world. The latest rolls, disks, or whatever form is used in the different kinds of instruments are bought by customers as regularly as the latest books and the companies turn them out in car load lots and regular shipments come just as do the newest books and periodicals.

Thursday afternoon the wind played some strange freaks in Paducah. Two fine peach trees in the yard of Mr. Max Kahn, at Ninth and Monroe streets, were twisted in two as easily as if they had been straws, and not another tree or shrub in the yard was touched. Neither did anyone about the house detect the slightest evidence of a hard wind during the afternoon. At the W. H. Riese home a big oak tree about 60 feet high and two feet in diameter was snapped in the middle and nothing else about the place was affected in any way.

Baseball fans are complaining because the seats at the park are covered with resin. They do not feel that the exhalation of seeing Paducah beat Cairo at so much a game is worth the price of a new pair of trousers. They have hopes, however, that in the due course of time all the resin will be rubbed off and absorbed, and they will have a smooth, slick surface on which to sit. In the meantime they will wear their old cast-off trousers to help matters along.

A Mayfield paper says the circus had other attractions beside the side-show and megaphone. It says: "One farmer lost \$40 cool cash betting on the ability of a monkey to get a number out of a box and afterwards squealed to the officers and Deputy Sheriff McNitt and other officers recovered the dough for him. Others were there betting on the games when we had thought had been away from home before."

The following story is going the rounds of the Missouri press: "Not long ago during a speech a machine candidate for governor was making in a country town. He warmed up and shouted: Gentlemen, who is Folk Aguin I ask, who is Folk? Before he could regain his breath to go ahead railing the persecutor a small boy in the little crowd shifted uneasily in his seat and then called out: 'I'll bite. Who in the hell is he?'"

Mr. Reaser travels for the Hammond Packing Co.

DIED IN CHICAGO.

The body of Ester J. Powers arrived in this city Thursday from Chicago where she died Tuesday. Mrs. Powers will be remembered by many of our people as she formerly lived here. She was very old and while standing near a second story window in that city, she is supposed to have received a paralytic stroke which caused her to fall to the pavement below. Interment took place at the Miller cemetery Thursday afternoon.—Metropolis Herald.

"That will do, Mr. Gelston," broke in the major. "When we want you again we will let you know. Durbin, see Mr. Gelston out."

I was left alone with the major and the district attorney. The major was the first to speak. Addressing the district attorney, he remarked: "This will strengthen your case very materially. We have proof now that Mrs. Jeffrey's death was actually determined upon. If Miss Tuttle had not shot her, he would. I wonder if it was a relief to him on reaching his door to find that the deed was done."

I could not suppress my surprise. "Miss Tuttle?" I repeated. "Is it so unmistakably evident that Mr. Jeffrey did not get to the Moore house in time to do the shooting himself?"

The major gave me a quick look. "I thought you considered Miss Tuttle the guilty one."

I felt that the time had come to show my colors.

"I have changed my mind," said I. "I can give you no good reason for this; something in the woman herself, I suppose. She does not look nor act like a criminal. While not desirous of raising myself in opposition to the judgment of those so greatly my superiors in all respects, I have had this feeling, and I am courageous enough to avow it. And yet, if Mr. Jeffrey could not have left the cemetery gates and reached the Moore house in time to fulfill all the conditions of this tragedy, the case does look black against the woman. She admits to having been there when the pistol was fired, unless—"

"Unless what? You have something new to tell us. That I have seen ever since you entered the room. What is it?"

I cast a glance at the door. Should I be able to finish my story before Durbin returned? I thought it possible, and, though still upset by this new evidence, which I could now see was not entirely in Miss Tuttle's favor, I spoke up with what spirit I might.

"I have just come from spending another night in the Moore house. All the efforts heretofore made to exhaust its secrets have been founded upon a theory that has brought us nowhere. I had another in mind, and I was anxious to test it before resting from all further attempt to solve this riddle. And it has not failed me."

As I said this I laid open on the table before me the transcription of which I spoke. Instantly the two men bent over it. When they looked up again, their countenance showed not excitement only, but appreciation; and in the one minute of triumph which I then enjoyed all that had wounded or disturbed me in the past was forgotten.

The major now proposed that we should go at once to the old house. "A family secret like this does not crop up every day even in a city so full of surprises as Washington. We will hunt for the spring under the closet drawers and see what happens, eh? And on our way there"—here he turned to me—"I should like to hear the particulars concerning the little clue just mentioned. By the way, Mr. Jeffrey's interest in this old drawing is now explained. He knew its diabolical secret."

This was self evident, and my heart was heavy for Miss Tuttle, who seemed to be so deep in her brother-in-law's confidence.

It grew still heavier when Durbin, joining us, added his incredulity to the air of suspicion assumed by the others. Our first move was to go in a body to the southwest chamber, take down the picture, examine it with a magnifying glass and satisfy ourselves that the words I had picked out of its mazy lines were really to be found there. This done and my veracity established, we next proceeded to the closet where, according to the instruction embodied in this picture, the secret spring was to be found by which some unknown and devilish machinery would be released in the library below.

To my great satisfaction the active part in this experiment was delegated to me. Durbin continued to be a mere looker on. Drawing out the two large drawers from their place at the end of this closet I set them aside. Then I hunted for and found the small loophole which we had been told afforded a glimpse of the library hearthstone, but seeing nothing through it, I called for a light to be placed in the room below.

I heard Durbin go down, then the major and, finally, the district attorney. Nothing could stay their curiosity now, not even the possibility of danger, which as yet was a lurking and mysterious one. But when a light shot up from below and the irregular opening before me became a loophole through which I could catch a very wide glimpse of the library beneath, I found that it was not necessary for me to warn them to keep away from the hearth, as they were all clustered very near the door—a precaution not altogether uncalculated for at so hazardous a moment.

"Are you ready?" I called down. "Ready?" rose in simultaneous response from below. "Then look out!"

Reaching for the spring cleverly concealed in the wall at my right I vigorously pressed it.

"The result was instantaneous. Silently, but with unerring certainty, something small, round and deadly fell plumb from the library ceiling to where the settle had formerly stood against the hearthstone. Finding nothing there but vacancy to expend itself upon, it swung about for a moment on what looked like a wire or a whipcord, then slowly came to rest within a foot or so from the floor.

A cry from the horrified officials below was what first brought me to myself. Withdrawing from my narrow quarters, I hastened down to them and added one more white face to the three I found congregated in the doorway. In the diabolical ingenuity we had seen displayed crime had reached its acme, and the cup of human depravity seemed full.

When we had regained in some measure our self possession we all advanced for a closer look at the murderous object dangling before us. We found it to be a heavy leaden weight painted on its lower end to match the bosses of stucco work which appeared at regular intervals in the ornamentation of the ceiling. When drawn up into place—that is, when occupying the hole from which it now hung suspended—the portion left to protrude would evidently bear so small a proportion to its real bulk as to justify any eye in believing it to be the mate, and the harmless mate, of all the others.

"It hangs just where the settle stood," observed Durbin significantly. "And just at the point where the cushions invite rest, as the colonel so suggestively put it in his strange puzzle of a confession," added the district attorney.

"Replace the old seat," ordered the major. "And let us make sure of this." Ready hands at once grasped it and, with some effort, I drew it carefully back into position.

"You see?" quoth Durbin.

We did.

"Devilish!" came from the major's lips. Then with a glance at the ball, which, pushed aside by the seat, now hung over its edge a foot or so from the floor, he added briskly: "The ball has fallen to the full length of the cord. If it were drawn up a little—"

"Wait," I eagerly interposed. "Let me see what I can do with it."

And I dashed back upstairs and into the closet of "The Colonel's Own."

With a single peep down to see if they were still on the watch, I seized the handle, whose position I had made sure of when searching for the spring, and began to turn, when instantly, so quick was the response, the long cord stiffened, and I saw the ball rise into sight above the settle top.

"Stop!" called out the major. "Let go and press the spring again."

I hastened to obey, and, though the back of the settle hid the result from me, I judged from the look and attitude of those below that the old colonel's calculations had been made with great exactness and that the one comfortable seat on the rude and cumbersome bench had been so placed that this leaden weight in descending would at the chosen moment strike the head of him who sat there, inflicting death. That the weight should be made just heavy enough to produce a fatal concussion without damaging the skull was proof of the extreme care with which this subtle apparatus had been contrived. An open wound would have aroused questions, but a mere bruise

might readily pass as a result of the victim's violent contact with the furnishings of the hearth toward which the shocked body would naturally topple. The fact that a modern jury had so regarded it shows how justified he was in this expectation.

I was expending my wonder on this and on a new discovery which, with a very decided shock to myself, I had just made in the closet when the command came to turn the handle again and to keep on turning it till it would turn no farther.

I complied, but with a trembling hand, and, though I did not watch the result, the satisfaction I heard expressed below was significant of the celerity and precision with which the weight rose foot by foot to the ceiling and finally slunk snugly and without seeming jar into its lair.

Famous Physicians Know Value of Blood Wine.

If you take Blood Wine you can be assured you are following the advice of the foremost doctors. Dr. J. K. Hall of 125 W. 45th St., one of the leading physicians and most expert analytical chemists in New York city, says: "When 'Blood Wine' was brought to my attention I was sceptical as to its value in kidney and liver troubles and

was determined to discover what merits it possessed. To this end I analyzed a bottle bought at haphazard from a drug store. The analysis showed 'Blood Wine' contained ingredients physicians prescribe in severe cases of kidney and liver troubles. I do not hesitate to say that 'Blood Wine' is a specific for the diseases mentioned."

"Blood Wine" is not only a magnificent thing for kidney disease, but it cures rheumatism, lung diseases, stomach trouble and all other forms of blood or nerve diseases.

NEGRO SUSPECT TELLS HIS STORY

Says He Had Been Working in Side Show.

Claims to be a Native of Louisville and Says he Has Done Nothing Except Carry a Gun.

HELD FOR INVESTIGATION

Willie Fisher, the negro who was arrested yesterday afternoon and made such a desperate fight for liberty in the police station a short time later, was arraigned this morning before Police Judge D. L. Sanders and his case continued. He admits being the same person who escaped from Officers Rogers and Nance at the show grounds Thursday night dressed in female attire, and admits having a gun on him. He will be held pending an investigation.

He stated this morning in the presence of Chief James Collins and a Sun reporter, that his name was Willie Fisher and he was born in Louisville but moved to Rolling Fork, Miss. when very young. He exhibited a tattooed name "Willie Fisher, Louisville, Ky." on his right arm and informed the officer that he would tell a straight story about himself. He claims to have been following the circus and that he simply had substituted in the colored side show for a negro girl who was ill and had stepped out of the tent to get his clothes off when arrested. He ran because he had a gun and feared arrest. He suspected that they wanted him for carrying the gun and this was why he tried to get away from the officers at the station yesterday.

Fisher claims he lived with relatives in Rolling Fork but that he worked on farms near Mount Helena, Miss., a great deal and knows several prominent people there whom he named over to the chief.

Chief Collins thinks the man is wanted somewhere for some serious charge, and stated he would have a photograph taken Monday and would send out a description and letters of inquiry to learn if the man is wanted.

Fisher is about 28 years of age, about 5 feet 7 inches tall, and of a dark brown complexion. He weighs about 170 pounds and is very strong. He has a high pitched voice and claims to have been singing songs for the show people and was starting to join them when he was arrested at the depot.

Board of Public Works Having Ordinance Drawn Now.

Will Probably Try Bituminous Compound From Seventh to Ninth.

THE SPRINKLING QUESTION

The Board of Public Works is having drawn the ordinance for the reconstruction of Broadway from Fifth to Ninth. It seems to be the intention of the board to try the bituminous compound from Seventh to Ninth streets. The members apparently do not favor brick streets if anything as good can be obtained for the money. The board also seems to be opposed to the Bannock brick.

It is thought that Seventh street will be made the dividing line for all brick streets, and everything farther out will be of some other material. Third street has been "sanded" and will be open to the public tomorrow.

The Board of Public Works has not yet done anything toward settling the street sprinkling question, but hope to have all the streets possible sprinkled. The first work to be done outside of the Terrell contract will be the reconstruction of Broadway from Fifth to Ninth.

The Clay Street Building Is Finished Except the Painting.

Work on the new fire department stations is progressing rapidly and the Clay street station is complete except the painting.

Chief Woods yesterday got a stock of paint to be used on the building and today the painters are putting the first coat on the wood work.

Work on the Jones street station is also progressing and the building is about two thirds finished. The machines for the new stations are being manufactured and will be here within the specified time. The aerial ladder is being rebuilt and when it is ready for mounting on the trucks of the old ladder, the old ladder will be shipped away. Only the trucks of the old ladder will be used.

NO CYCLONE

BUT THERE WAS A HARD WIND ABOVE PADUCAH.

A destructive wind and hail storm visited the New Liberty, Ill., section Thursday afternoon but no fatalities are reported.

The tail end of the storm struck Birdsville, Ky., and Hamlettsburg, Ill., and hail fell at Smithland pretty thick. Some of the hailstones were said to be nearly as large as hen eggs. There were a few barns blown down and fences torn away, but this is the extent of the damage done as far as can be learned. It was reported there had been a severe cyclone.

LOCAL STRAWBERRY MARKET CORNERED

One Company Buys Up 500 Crates for Shipment.

The Price Went Up and By Night There Will be Few Berries Procurable.

MOST PURCHASED ON MARKET

There will probably be a corner on strawberries late today or Monday, from present indications. An unusually large quantity was brought in today from the country and by 8 o'clock all the best berries were gone, and only those rehandled, and a few scattering boxes that were not in large enough quantities to purchase were in evidence, and the price of these, by reason of the scarcity, had advanced to five cents a box and four for a quarter for the best.

Berries had for several days past been selling six boxes for a quarter, and some of them 60 cents a crate, or two and a half cents a box. It is expected that by tonight it will be hard to get berries at all.

Some of the largest berry growers in the country early this morning had their crates piled high up on their benches at the market and in their wagons, and when anyone asked the price they would reply: "They're sold."

One local commission house, the new Hall company, successor to the Leigh Fruit company, bought up most of them. One man who went through the market stated that this company alone bought 400 crates, or 9600 boxes, enough to supply 2,000 families for one day.

Mr. Hall, manager of the company, stated in reply to a question whether or not he had cornered the market, that he supposed he had, and that he had about 600 crates in all, which had been sold to a northern market. It is understood that they were sold at Chicago.

Market Master Frank Smalley stated that he would investigate the case and if it developed the berries were bought up contrary to law, he would get warrants.

FAMILY REUNION

IS PLANNED BY THE MCCARTNEY FAMILY NEAR METROPOLIS.

Capt. J. F. McCartney is making preparations for a reunion of the McCartney family at his Oakdale farm near Metropolis, Ill.

There are a large number of the various members of this family scattered throughout this section and this being World's Fair year, the captain thought it an opportune time for such a gathering.

Oakdale farm is an ideal place for such a meeting and the reunion promises to be one of the most pleasant events of the kind ever held in this section. A number of the family live in Kentucky, among them being Attorney W. P. McCartney, of Paducah.

JURY WAS UNABLE TO DECIDE CASE

Lawrence Willis Must for the Third Time Face a Jury.

He Will be Brought Back to Paducah to be Kept Until September.

JURY DISCHARGED TODAY

Lawrence Willis, the young man tried at Cadiz for the murder, at Canton, Trigg county, of his uncle, Lieutenant W. B. Johnston, who was shot as he prepared to retire one night, must for a third time face a jury for his life. This morning a Cadiz jury, which had been out since Thursday afternoon, reported that it could not agree, and was discharged.

The defendant was ordered returned to Paducah for safe keeping, and is expected to be brought in this evening. His case now is set for the 4th day of the September term of court.

This was the second trial of young Willis. He was given a life sentence the first time, but was granted a new trial, and additional evidence pointing to his innocence was introduced at his last trial, indicating that a negro who died since the murder was committed, was the guilty man.

The prisoner is a prominent young man, and has many influential friends and relatives in Trigg county. The only reason he is brought to Paducah to be kept is that the Cadiz jail is unsafe. He has never desired to escape, but on the other hand is anxious to be cleared of the charge of murdering his own uncle, and has had many an opportunity to escape had he desired to avail himself of it.

He is well educated, of handsome, attractive appearance, and since he was brought to Paducah he has made many friends among those he has had an opportunity to see. The jail officials speak very highly of him, both as a model prisoner and a young man of unusual refinement.
